Two Reports On
MDARC PUBLIC SERVICE

By Joe Gregory, WA6DQN
Public Service Chairman

LAS TRAMPAS ENDURANCE TRAIL RIDE
Saturday, September 23, 1989

Beautiful fall weather and help from MDARC members provided about 100 riders and their horses with a delightful day's ride in the Oakland Hills. Starting before sunup at Bort Meadow in Anthony Chabot Regional Park, the riders headed north into Redwood Park and then followed the ridge trails southeast toward Castro Valley and back. No accidents were reported and the greatest excitement was provided by a huge dog that took a swim in a watering trough, to the disgust of the horses that came there to drink.

Radio communication support was provided by N6QHF Shirley, and K6EUR Jerry at the base camp and finish line (Jerry raised a J-Pole in the Bort Meadow "hole" and had excellent contacts with all stations); by KI6YK George, and WB6WZV Wayne, who accompanied the ride director around the course, and by N6VHH, N6VHI, N6OSK and N6QGN at successive veterinarian checks along the route.

LAFAYESTA PARADE, LAFAYETTE
Sunday, September 24, 1989

The Mount Diablo Amateur Radio Club gave dual support to the annual Lafayette parade the last Sunday in September, (1) Help the parade marshalls get units into position and (2) informing the announcer at the reviewing stand concerning the identity of each group as it approached. Helping were, Ray and Linda Bryant, N6RBY and N6SCR, Brian Coyne AA6NM, and Paul Dickey N6JOK.

The Uniformed Sheriff's Reserve Amateur Communications Unit assisted

police with traffic control during the event. The parade was along Mt. Diablo Blvd. from Happy Valley Road to First Street in the Lafayette business district.

Parade organizers expressed their thanks to both groups for the much needed assistance.

147.06 REPEATER USE

By Jay Caldis, KT6Y, Trustee

I have had several persons tell me they do not use the repeater because the repeater control operators do not want it used for general conversations. This is not true. The repeater is there for everybody, including non-members, to use and hold general conversations. The only restriction put on is during commute time, from 0630-0800 and 1630-1800 hours, to allow commuters to converse with each other and report on traffic etc. Long-winded conversations about politics, and one's car that has broken down, by non-commuters, does not allow traffic problems to be passed. The rest of the day, chat all you want. Please leave time at all times to allow stations to break if they have traffic or want to use the phone patch.

Remember, to break a conversation, just say BREAK (once) and then wait. A BREAK BREAK (twice) is for an EMERGENCY.

I have heard many members meet each other and then move to another repeater or to simplex. If the repeater is not being used, stay on and have a good time.

Remember, use your call letters, especially when using the phone patch.

BRING YOUR BALLOT TO THE NEXT CLUB MEETING (AUCTION), OR MAIL IT TO THE CLUB'S POST OFFICE BOX TO ARRIVE THERE BY OCTOBER 18, 1989.

This issue of the newsletter features:

AUCTIONEER, ART MAYOFF, VE2AQV
AUCTION CHAIRMAN, PAUL JONES, N6PAC
and FORMER AUCTION CHAIRMAN,
SCOTT THOMAS, N6LGB.

Their jobs are not easy ! More work goes on between auctions than during auctions ! Believe it !!

AN INTERVIEW WITH
ART MAYOFF, VE2AQV
 CLUB AUCTIONEER

Most Club members know Art Mayoff as the guy who runs The Base Station, but his involvement in helping the Club started long before he ever opened a radio store. Art first joined the Club in the mid-sixties.

Art has served the Club in many different capacities over the years: Bike-a-thon coordinator, Walnut Festival Communications coordinator, ARRL Assistant Director, Prize Chairman, Nominating Committee, Christmas Party Committee, Radio Class Chairman and Teacher, Sister Cities liaison and many others. In the early seventies he served as Club President and Board Member. He instituted the Ham-of-the-Year award which in its first years was called the "Outstanding Service Award". Much to his surprise, the Board eventually presented him with that coveted award.

In 1976 he received a cherished special HUMANITARIAN AWARD from the CONSUL GENERAL OF GUATAMALA. His assistance in providing Amateur Radio communications for the 14 days immediately following their 1976 earthquake is still remembered as a major highlight in his almost three decades as a Ham.

His 'shack' had been converted into a Bay Area Command Center where arrangements were made for getting hundreds of thousands of dollars in medicine and other donated goods

onto air transports and into Guatamala for earthquake relief.

During his tenure on the Club's Board of Directors, Art created a number of activities that are still in effect today. Most noticeably is the Radio Class. He remembers that the first classes were held at SunValley Mall with the help of Dwayne Eskridge, W6LKE, and Fred Sabott, WA6JLF, (yes, those were the days even before Jay Caldis, KT6Y, started teaching). The class started with 12 students and by the third series of classes, arrangements were made to move to our current location because they had over 100 students sign up. When Art became Club President, the membership totaled in the 70's and when his term was over it had grown to almost 300.

While Club President, Art received a call from a Club member's widow asking for the Club's help in cleaning up her OM's shack. With the help of Carl, K5OWC, they filled-up the Club's Van (some oldtimers will remember the UPS-sized truck the Club owned back then) and brought it to the Auction at the old Red Cross building on Ygnacio Valley Road. The following year Art was appointed, actually, railroaded in, as Auction Chairman. Art coordinated the auction, and he and Peter Strauss auctioned. (They were probably a barrel of laughs !!).

For many years, Art was the Club's representative when a silent key's widow needed help with her OM's gear. Art estimates that he helped about 30 families get their gear to auction.

He authored an article for Ham Clubs explaining how to create and run a successful auction which was published in 'the Carrier' and subsequently in a national Ham magazine.

Eventually, the demands of his business did not allow the time to continue as both auctioneer and chairman. He arranged with the Board to railroad, no, appoint, Scott

Thomas, N6LGB, as Auction Chairman. Scott and Art were instrumental in raising thousands of dollars for the Club's treasury. Now Paul Jones, N6PAC, has taken over from Scott and has put in many hours preparing for the upcoming auction.

When asked why he has continued to be Auctioneer for so many years, Art said, "first, it is a heck of a lot of fun and second, being Auctioneer is my way to say thanks to the Club members for their continuing support of The Base Station".

With his unique knowledge of past and present Ham gear, he is most qualified to explain the features and specifications, as well as the original and current values of the gear on the auction block. Such expertise provides buyers with the information they need to make intelligent bids, and the Club and the seller with the best price available.

THE CLUB AUCTION CHAIRMEN NEEDS LOTS OF STORAGE ROOM AND RELIABLE TRUCK TRANSPORTATION TO STORE, HANDLE, AND TRANSPORT THE LARGE VOLUME OF ITEMS FOR THE CLUB AUCTION.

THERE IS A LOT OF MENIAL AND MANUAL LABOR IN THIS JOB !!

In the period between Club auctions he receives requests to pick-up ham radio equipment as the result of an estate clearance and other reasons. He must usually go to where the equipment is located, meet the donor, dismantle the equipment, pack it into a truck and transport it to his home for storage until the next auction. Some percentage of the equipment picked-up is...JUNK...and must be taken to the dumps for which the Club pays the dump fee.

When an auction is scheduled the equipment is carried from the storage to the truck, then to the auction room and distributed to the

tables. Anything not sold must be carried to the truck, transported back to the storage place, carried again to its storage place until a decision is made as to disposition, usually the dumps with another fee.

The profit made by the Club on auctions is impressive, but if that amount was paid to the Auction Chairman for his work time, it would be far less than minimum wage !

Our Auction Chairmen deserve a pat-on-the-back and recognition for hours of menial and manual labor.

AUCTION CHAIRMAN PAUL JONES, N6PAC

has collected radio equipment from Danville to Martinez, some donated to the Club and the rest to be sold by the Club on a 90-10 split. Paul recently sold two lots of obsolete transmitting tubes that had been donated to the Club for \$344.

He spends 2 to 4 hours daily checking and repairing equipment to make it saleable. The equipment takes up a two-car space in his three-car garage !

Several large pieces of equipment (the boat-anchor type) were cleaned-up and donated to the Acalanes High School Amateur Radio Club.

Committee member Walt Entelman, KB6MFY, used his truck to collect 4 truck loads of equipment for the next auction. He was reimbursed for gasoline by the Club.

Paul and Art work closely to package parts into saleable sizes, change and improve forms used at auctions, review auction rules, and generally prepare for all aspects of the Club auction.

THANKS ALSO TO SCOTT THOMAS, N6LGB, FORMER AUCTION CHAIRMAN, WHO HAD GONE THRU ALL OF THIS AND DECIDED HE HAD HAD ENOUGH !! HE WANTED TO SEE WHAT HIS GARAGE LOOKED LIKE, EMPTY.

ROSSMOOR AMATEUR RADIO GROUP
A brief background summary
By FRANK CALTON, N6GQ

The Rossmoor Amateur Radio Group had its first organizational meeting on January 12, 1978. Of 19 amateurs living in Rossmoor 12 were present. They were: K6AW Clyde, W7CVS Joe, W6KPO Milt, W6DST Peggy, W6HP Dick, WA6JFK Ernie, WA6QPN Ward, N6GQ Frank, W6ZR Tom and KA6BEP Bea. We decided to get together once a month, at first with rotating chairmen, later with no formal chairman. Ward WA6QPN, the first chairman, summarized our objectives as "to enhance amateur radio operations in the Rossmoor Community for the benefit of each of us, our friends and neighbors--and the Rossmoor powers that be".

I'm sorry to report that we have lost most of the original group; only three of us are still active in Rossmoor. Fortunately, though, new amateurs have joined us so that the group has remained fairly constant. We're sorry to lose old friends but very glad to make new ones. As a group, we are alive and well.

During the years, we have developed close friendships, helped a number of amateurs and several of us have been active in public service outside of Rossmoor. Our community, however, hasn't needed our services, or so it has seemed. At one time it appeared that Mutual-1 would welcome our help, but we soon found that their Board was only interested in eliminating any form of transmitting ability. Someone(s) must have had a very bad experience in the past. Other than that, we have had no contact with the Mutuals. In spite of that we have felt that some day Rossmoor would need us and be happy in the knowledge that we were standing-by in the background.

Accordingly, I have made a point of contacting our security chief twice a year to give him an

updated list of members and discuss emergency preparation in Rossmoor and the county. When we were first organized, the then chief Gasman was very concerned about coping with a major emergency but seemed to get only lip service from the Golden Rain Board. Chief Shillinger is just as concerned and very glad we are ready and available. There is one difference now, though, a former Board member, George Matulich, is developing an emergency organization with the full support of Rossmoor management and the Board.

In closing, I want to encourage each of you to check into our net - 147.540 (alt 147.450) simplex at 7:30 pm each Wednesday; and please come to our meetings on the second Wednesday of each month, except August and December. Please check-in even though you can't stick-around. Otherwise, we may end up letting the community down in time of emergency.

FIRST TIME PARTICIPATION

When Rossmoor celebrated its 25th birthday September 23rd with a big parade, amateur radio monitored the parade from five locations along the route plus two other spots.

Our participation was significant because it was the first time the Rossmoor Amateur Radio Group (all seniors) had been called upon for a public service event. Of course, they did the usual good job expected of Amateur Radio people; but we almost had to call for outside help when one operator was suddenly taken to the hospital.

Those participating were Frank N6GQ, Betty Lou KB6UX (who would have thought she was a senior citizen), Jim N6PWX, Tom KD6VA, Andy W6INU, John KB6MXR and Carl W6IGF. Five of the seven are members of MDARC. 73 Frank

Thanks, Frank, for updating us on the Rossmoor Group !!

MDARC MEMBERSHIP DIRECTORY UPDATE
by George Jones, K16YK
Membership Chairman

We welcome the following new members
DARROW, Donald F.; KC6AHJ, Novice
3451 Laurel Ave., Oakland, CA

MDARC CLUB MEETING MINUTES
15 SEPTEMBER 1989

Pres. Vicki N6KLS called the meeting to order, upgrades and guests were introduced.

Treasurer Schulze AA6DL reported \$6605. in the Club treasury, also see him if you don't have a name badge. They Cost \$3.00

Auction: 20 October 1989, look in the "Carrier" for details.

Membership: 317 (most members Club has ever had !!!!)

Education: Ganz KB2GV has 34 Novices in the class on Tue. nights.

Stan WU6P listed the slate of officers for 1990. We had nominations from the floor, with one nomination from WU6P for (me) Jane N6NVA for Vice President, with a second from Paul Jones N6PAC.

Pres.	Derek Brown	N6CUK
Vice Pres.	Don Ledwith	K7SDF
"	Jane Walker	N6NVA
Treas.	Walt Ebbett	KB6QIB
Sec.	June Blenderman	N6SWP
E.C.	Brian Rolley	N6TDJ
Board	Glenn Zumwalt	KJ6EN
"	Dick Brown	KT6X

BE SURE TO MAIL YOUR BALLOTS IN !!!

If you ordered a yellow communication jacket see Walt KB6QIB they have arrived. If you would like to order a jacket see him also.

Xmas party: 15 Dec. 1989 (Note: this is a regular meeting night). Look in the "Carrier" for more details. Ganz KB2GV seconded the motion for extra money for the Xmas party.

Dick WA9UKA has given MDARC a used 19" Sony color TV. Thanks Dick Guest speaker Jerry Hudson showed slides of and from "Hat Creek Radio Observatory", which is near Mt. Lassen, also spoke of interferometers.

Respectfully submitted,
Jane Walker N6NVA
MDARC Secretary

MDARC BOARD MEETING MINUTES
19 September 1989

Board Members present:

President	Vicki Zumwalt	N6KLS
Vice Pres.	Dick Brown	KT6X
Secretary	Jane Walker	N6NVA
Emer.Coor.	Derek Brown	N6CUK
Board Mem.	Jay Caldis	KT6Y
Board Mem.	Paul Jones	N6PAC

Committee Chairmen present:

Membership	Dr. Geo. Jones	KI6YK
Auction/Pub.	Paul Jones	N6PAC

Pres. Zumwalt N6KLS called the meeting to order.

Minutes were approved as printed in the last "Carrier".

Next Board meeting 24 October 1989, Dick Brown's home.

We have \$6335. in the treasury.

Paul N6PAC and Lauren WA6CIE printed extra auction flyers, also delivered a lot of them. Thank you.

Education: The school needs four manuals and instructors guides. Dick KT6X made a motion, and Jay KT6Y seconded that we give \$50. for these items, Board approved.

Jay KT6Y will purchase the Ham Xmas prizes. Vicki N6KLS and Jane N6NVA will get the non-Ham prizes, with Lauren WA6CIE getting children and teen age gifts for the Xmas party.

Board approved \$150. for part payment of printer repair used for the "Carrier", also Stan WU6P the Carrier Editor should buy half dozen ribbons and a box of printer paper.

Jay KT6X moved, and Jane N6NVA seconded, with the Board approving to ratify Paul Jones N6PAC be on the Board.

Membership: 318

Respectfully submitted,
Jane Walker, N6NVA
MDARC Secretary

HAM RADIO AUCTION

SEMI-ANNUAL MT. DIABLO AMATEUR RADIO CLUB AUCTION
1026 MOHR LANE (WILLOW CREEK CENTER)
CONCORD

NEW LOCATION

FRIDAY, OCTOBER 20

DOORS OPEN AT 6:00 PM, AUCTION STARTS AT 7:00 PM

FREE ADMISSION

WE INVITE ALL RADIO ENTHUSIASTS TO THE MT. DIABLO AMATEUR RADIO CLUB'S AUCTION. WE HAVE CHANGED LOCATIONS TO PROVIDE MORE ROOM FOR DISPLAYING AND INSPECTING THE AUCTION EQUIPMENT. WE'VE ALSO PROVIDED MORE SEATING. IF YOU'VE ENJOYED OUR PRIOR AUCTIONS, YOU'LL LOVE OUR NEW FACILITY.

IN THE INTEREST OF A SMOOTH RUNNING AUCTION WE WILL LIMIT ITEMS FOR SALE TO:

AMATEUR RADIO EQUIPMENT AND ALL PERTINENT ACCESSORIES
RECEIVING AND/OR TRANSMITTING DEVICES
INTERESTING ELECTRONIC GADGETS
TEST EQUIPMENT
COMPUTERS AND ACCESSORIES

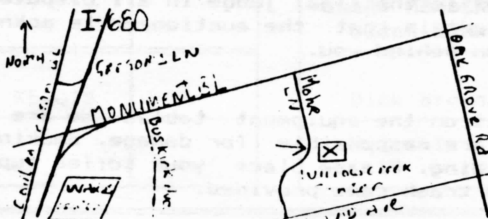

WE ALSO INVITE YOU TO BRING YOUR UN-NEEDED BUT WORKING, OR SERVICEABLE GEAR FOR SALE BY THE CLUB.

WE DO NOT WANT, NOR WILL ACCEPT:

BOAT ANCHORS, TRANSFORMERS, OIL CAPACITORS, RECORD PLAYERS, FLOOR MOUNTED PRINTERS/COMPUTERS, RUSTED CHASSIS'S OR ANYTHING THAT NEEDS A HAND TRUCK TO MOVE. (IF IT'S JUNK TO YOU, ITS JUNK TO US, LEAVE IT AT HOME), IF IT CAN'T EASILY BE PLACED ON THE PODIUM, WE WILL NOT AUCTION IT OFF.

THE AUCTION CHAIRMAN IS PAUL JONES, N6PAC. HE HAS THE FINAL SAY, IF YOU HAVE ANY DOUBTS OR QUESTIONS CALL HIM AT, 687-1265

SIMPLIFIED DIRECTIONS TO THE AUCTION FOR FREEWAY TRAVELERS: TAKE I-680 TO CONCORD. NORTHBOUND DRIVERS TAKE MONUMENT BL EXIT; SOUTHBOUND DRIVERS TAKE GREGORY LANE EXIT, GO LEFT AT FOOT OF OFF-RAMP TWO BLOCKS TO MONUMENT BL AND TURN LEFT (AGAIN) ONTO MONUMENT. ALL DRIVERS GO TO SECOND STOP LIGHT AND TURN RIGHT ONTO MOHR LANE. THE WILLOW CREEK CENTER IS A HALF MILE DOWN ON THE LEFT SIDE OF THE STREET.

MDARC AUCTION RULES

- 1) Everyone, whether a buyer or a seller must register and obtain a numbered "paddle" card. This number is that person's Personal Identification Number (P.I.N.). When bidding hold the card up with the number facing the auctioneer.
- 2) Sellers must fill out an Item Identification Slip (I.I.S.) for each item to be sold and attach it to the item. Sellers may enter minimum bids. The Auction Committee does not recommend minimum bids because past experience has shown this discourages bidding. The auctioneer will not offer the item for less than the minimum bid. Silent bids may be entered onto the I.I.S. in the appropriate space.
- 3) The entire proceeds of a sale may be donated to the Club by so indicating on the I.I.S. The Club's Seller Number is #1.
- 4) Increments of bidding are at the discretion of the auctioneer.
- 5) A buyer must take possession of the purchase as soon as the auctioneer has completed bidding for that item.
- 6) All payments must be made to the Auction Cashier by check or cash after you have completed ALL YOUR BIDDING for the evening. Do not attempt to pay the cashier after each purchase.
- 7) No payments are to be made to the sellers on the night of the auction. Sellers will be paid by check within two weeks.
- 8) The Club will receive 10% of the selling price as a commission
- 9) A "Buyback Fee" of \$1.00 is charged for any item that is presented at the auction that either doesn't receive the minimum bid requested or is "purchased" back by the seller as the highest bidder on his/her own item.
- 10) All sold and unsold items must be removed from the facility at the end of the auction by the responsible buyer or seller.
- 11) In the interest of insuring that only quality Amateur Radio items are presented at the auction, the auctioneer at his discretion may refuse to present any item he feels does not properly belong in the auction.
- 12) The auctioneer is the final judge in all disputes over a sale of an item. Be certain that the auctioneer is acknowledging YOU and not the person behind you.

CAUTION:

Please do not sit on the equipment tables. We are the guests of the facility and are responsible for damage. Smoking is prohibited in the building. Please place your coffee cups, soft drink cans, etc. in the trash cans provided.
